

BactoReal® Kit

Ornithobacterium rhinotracheale

For veterinary use only

BactoReal® Kit *Ornithobacterium rhinotracheale*

Order no.	Reactions	Pathogen	Internal positive control
DVEB06613	100	FAM channel	Cy5 channel
DVEB06653	50	FAM channel	Cy5 channel
DVEB06611	100	FAM channel	VIC/HEX channel
DVEB06651	50	FAM channel	VIC/HEX channel

Kit contents:

- Detection assay for *Ornithobacterium rhinotracheale*
- Detection assay for internal positive control (control of amplification)
- DNA reaction mix (contains uracil-N glycosylase, UNG)
- Positive control for *Ornithobacterium rhinotracheale*
- Water

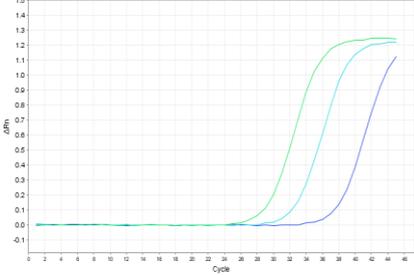

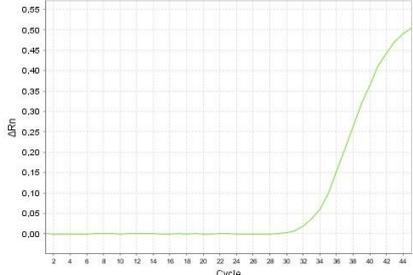

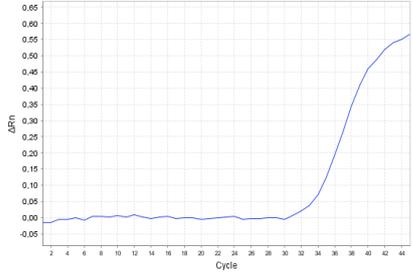

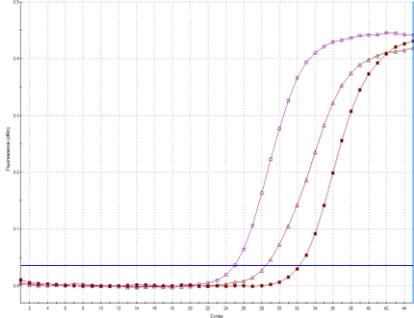

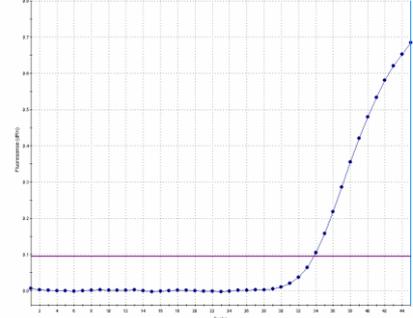

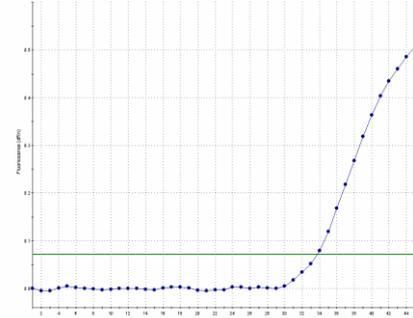

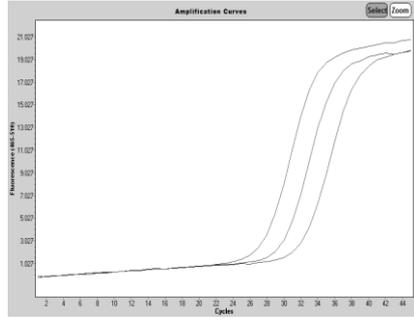

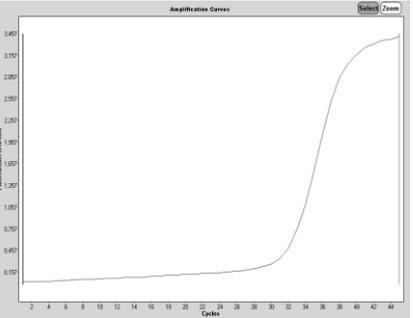

Background: *Ornithobacterium rhinotracheale* (ORT) is a gram-negative bacterium causing respiratory disease in turkeys, chickens and other avian species. Clinical signs are nasal discharge, sneezing, coughing and sinusitis. *Ornithobacterium rhinotracheale* is currently the only species within the *Ornithobacterium* genus and is found worldwide.

Description: BactoReal® Kit *Ornithobacterium rhinotracheale* is based on the amplification and detection of the 16S rRNA gene of *Ornithobacterium rhinotracheale* using real-time PCR. It allows the rapid and sensitive detection of *Ornithobacterium rhinotracheale* from DNA samples purified from tissues (e.g. with the QIAamp DNA Mini Kit).

PCR-platforms: BactoReal® Kit *Ornithobacterium rhinotracheale* is developed and validated for the ABI PRISM® 7500 instrument (Thermo Fisher Scientific), LightCycler® 480 (Roche) and Mx3005P® QPCR System (Agilent), but is also suitable for other real-time PCR instruments.

Sensitivity and specificity: BactoReal® Kit *Ornithobacterium rhinotracheale* has a sensitivity of 1 target copies/PCR reaction. The limit of detection (LoD95 = smallest number of copies of target DNA which can be detected in 95% of cases) is 5 target copies/reaction. The kit is specific for *Ornithobacterium rhinotracheale*.

BactoReal®, MycoReal, ParoReal and ViroReal® Kits run with the same thermal cycling conditions. RNA and DNA material can be analysed in one PCR run.
